PROFILE

I am a hardworking junior developer with excellent communication and teamwork skills. I have transitioned to software and web development after a successful career as an educator, with experience in the UK and internationally. I am passionate about collaborating to solve problems, and am eager to leverage my experience and skills to contribute to teams, developing new products and solutions that meet the needs of users..

EXPERIENCE

Trainee Software Developer

Eyup Coding Academy, Sheffield, UK March 2023 - ongoing

- Learned HTML, CSS, Javascript and React for front-end
- Learned Node.js, MongoDB and Java for back-end
- Worked in Agile team of eight to create full-stack web applications
- Achieved Scrum Master Certification

Primary Teacher

Netherthorpe Primary School, Sheffield, UK 2022 - 2023

Head of Primary English

British International School of Guangzhou, China 2019 - 2022

- Designed and delivered training in-face and online across the entire China region
- Worked as part of the Senior Leadership Team on whole-school priorities
- Created whole-school policies and documentation
- Ensured coordination of the curriculum across 30 primary classes

Key Stage Leader & English Lead

Netherthorpe Primary School, Sheffield, UK 2014 - 2019

- Delivered training at multiple schools across Sheffield
- Led team of teachers to deliver KS2 curriculum effectively
- Contributed to strategic direction of school as School Governor
- Took responsibility for my own development through research and training

Primary Teacher

Tinsley Junior School, Sheffield, UK 2012 - 2014

Head of Primary Mathematics

British International School Phuket, Thailand 2009 - 2012

- Worked effectively in multiple teams across the school
- Led effective change in the maths curriculum
- Redesigned the school's approach to maths assessment
